Appendix 1 – Building Measures Summary

	Site	Type of works included
1)	Guildhall	Window repairs
		Gap sealing
		Secondary glazing
		Roof insulation
		Wall insulation
		Pipe insulation
		Dynamic thermostatic radiator valves
		Flow restrictors
		Building management systems
		Zone control valves
		Calorifiers
		Air handling units
		Pump replacement
		Cooling units
		Timeclocks
		Sub metering
		Renewable energy – Solar PV
		1000kg lift
		LED lighting
		Lighting controls
Energy efficient hand dryers		
District Heat Connection		
2)	Hull City Hall	Secondary glazing
		Skylight repairs and upgrades
		Window repairs
		Building gap sealing
		Pavement light upgrades
		Basement gap sealing
		Pipework insulation
		Dynamic thermostatic radiator valves
		Flow restrictors
		Building management systems
		Air handling units
		Pump replacement
		Sub metering
		Renewable energy – Solar PV
		2250kg lift
LED Lighting
