PROCEDURAL ITEMS		
79	DECLARATIONS OF INTEREST No declarations were made in respect of the following items of business.	Members Information
80	MINUTES OF THE MEETING HELD ON WEDNESDAY 15TH JULY 2020 The Democratic Services Officer submitted the minutes of the meeting of this Committee held on Wednesday 15 th July, 2020 for approval. Agreed:- That the minutes of the meeting of this Committee held on Wednesday 15 th July 2020, having been printed and circulated, be taken as read and correctly recorded and be signed by the Chair.	
81	PUBLIC QUESTIONS No public questions were received.	

NON-EXEMPT ITEMS		
Non-Key Decisions		
82	<p>COMMUNITY SAFETY UPDATE</p> <p>The Assistant Director of Neighbourhoods and Housing submitted a briefing paper, which updated the Committee on community safety issues in the Wyke Area.</p> <p>Members were informed that representatives of Humberside Police were unable to attend the meeting.</p> <p>A discussion took place around the poor condition of the former YPI building and ongoing anti-social behaviour. Members raised concerns that the building, which was owned by Hull City Council, had not been appropriately maintained by the current lease holder and suggested that further action was required to consider whether the property was brought back into public use.</p> <p>Further discussion took place around the ongoing anti-social behaviour issues in the vicinity of Renew, Beverley Road. Members raised concerns around the commissioning of services and ongoing impact that this had upon local residents.</p> <p>Members reiterated the need for all reports clearly identify where hate crime had been involved and raised concerns that hate crime was still not reported in the formal update.</p> <p>Further discussion took place around the positive work undertaken around Sculcoates Park and the successes of Love Your Street in the Central Ward.</p> <p>Agreed:-</p> <ul style="list-style-type: none"> (a) That the update be noted; (b) that further consideration be given to the former YPI building and whether the building should be brought back into public use, on the grounds that it had not been maintained to an appropriate standard and antisocial behaviour has continued to impact the surrounding area; (c) that the Community Manager raises the ongoing issues of antisocial behaviour in the vicinity of the Renew building, Beverley Road, as a priority for the Central Area via the Neighbourhood Tasking Partnerships, and provides further updates at Ward Member briefings and the next Area Committee; (d) that where planning applications are submitted by third parties to provide services to vulnerable groups, which are not commissioned by the Council, that consideration is given to how services departments and services can 	<p>b) Assistant Director Property and Assets</p> <p>c) Community Manager</p> <p>d) Assistant Director Economic</p>

	<p>work together in a more cohesive way, for the protection of both local residents and those using the services;</p> <p>(e) that data around hate crime in the Wyke Area be provided as soon as possible, to include further clarification of the difference between hate crime and hate incident, and that this data is included in all future Community safety updates; and</p> <p>(f) that the Committee extends their thanks to Sergeant Greenwood for his support to the Wyke Area.</p>	<p>Development & Regeneration, Director for Adult Social Care</p> <p>e) Inspector Mattinson/ Neighbourhood Nuisance Team</p> <p>f) Inspector Mattinson/ Community Manager</p>
83	<p>PEARSON PARK PROPOSED ADDITIONAL PARKING RESTRICTIONS OBJECTION REPORT</p> <p>The Assistant Director of Major Projects and Infrastructure submitted a report, which sought a decision from the Committee as to how, in view of the objection received, the scheme was progressed.</p> <p>Members discussed the options detailed within the report and reiterated the likelihood that any further increase to the double yellow lines would be detrimental to the area and impact upon local residents.</p> <p>Agreed: That Option Two, to implement the parking restrictions as originally advertised, be supported.</p> <p><u>Reasons for Recommendations</u></p> <p>This option would incur no additional cost and would fulfil the original objectives of the scheme; however, it would not satisfy the objector.</p> <p>Implementing the scheme as originally advertised would ensure that the pedestrian crossing places are kept free of parked vehicles whilst still maintaining some parking close to the children’s play areas, ice cream parlour and other facilities.</p>	<p>Assistant Director of Major Projects and Infrastructure</p>
84	<p>NLHF REGENERATION PROJECTS: PEARSON PARK, BEVERLEY ROAD TOWNSCAPE HERITAGE AND NATIONAL PICTURE THEATRE</p> <p>The Assistant Director of Major Projects and Infrastructure submitted a briefing paper, which updated Members on the regeneration projects delivered in the Wyke Area.</p> <p>Members were informed that there had been positive developments in relation to Beverley Road. Stage Two grants had been awarded for 53-55 Beverley Road and contracts were being prepared. A Stage One application had also been approved for 72 Beverley Road. Contractors had been</p>	

	<p>appointed to the boundary treatments project and works were scheduled to commence on 5th October 2020 in coordination with Beverley Road Baths. Letter drops had been completed to engage with local residents.</p> <p>Eight other applications were in progress using previously completed properties as examples of what could be achieved with grant funding.</p> <p>Contractors had returned on site at Pearson Park to complete works to the East Lodge, snagging work to the Conservatory and installation of power to the Bandstand, which completed the majority of the restoration works.</p> <p>A series of 'Healthy Holidays' had been undertaken and over 230 craft packs and 400 heritage trail leaflets had been distributed to children using the park.</p> <p><u>National Picture Theatre</u></p> <p>The mid-term development review was scheduled for October 2020. RIBA stage 2 drawings had been produced and consultancy support had been procured to assist in the development of the Activity Plan. The bid was scheduled for submission by the end of November 2020.</p> <p><u>Beverley Road Baths</u></p> <p>Members were informed that additional heritage and roofing works had commenced. It was anticipated for completion around mid-2021, subject to the supply chain and availability of resources during the COVID pandemic.</p> <p>Further discussion took place around graffiti in the vicinity of the Medical Centre, Council offices, National Heritage signage and Endeavour site. Members raised concerns that a request had been made in July 2020 for the outbuildings to be cleaned of graffiti as a matter of urgency, but this had not been actioned. Members reiterated that the environment had a significant impact on health, wellbeing and pride in the community.</p> <p>Agreed: -</p> <ul style="list-style-type: none"> (a) That the briefing paper be noted; (b) that Streetscene liaise with Councillor McMurray to action requests for the cleaning of graffiti from the outbuildings on the Endeavour site, Beverley Road as soon as possible; and (c) that the Assistant Director of Major Projects and Infrastructure considers the replacement of the National Heritage sign on Beverley Road due to ongoing graffiti. 	<p>b) Streetscene/ Neighbourhood Team</p> <p>c) Assistant Director of Major Projects and</p>

85	<p>BEVERLEY ROAD CORRIDOR PROJECT – OUR PEOPLE, OUR PLACE</p> <p>The Assistant Director, City Safe and Early Intervention submitted a briefing paper, which updated the Committee on the progress made to date and also highlighted a number of collaborative projects that had been identified.</p> <p>Members were informed that the community engagement in relation to community spaces had progressed well during early 2020, however the project had been impacted by Covid-19. Project officers had continued to collate community concerns and had considered how these could be incorporated into mainstream services. The Common Tasking Framework and multi-agency approach included representatives from Hull ReNew, and sought to tackle the ongoing issues in the vicinity and alleviate the impact upon residents and vulnerable groups.</p> <p>Training had been postponed; however officers continued to keep in touch with Humber All Nations Alliance (HANA) and local community groups. Some discussion had also taken place with Endeavour around arms-length training.</p> <p>Members raised some concerns around the diversity of Beverley Road, social inclusion and the potential unemployment rates post-furlough, and raised a number of concerns around the lack of support to local groups who had struggled through the current crisis. In response, Members were informed that some consideration had been given to the potential for Seed funding for local projects and how further support could be provided in the production of business plans and the completion of forms and applications, for example where English was a second language.</p> <p>Further discussion took place around methods of proactive engagement. Members were informed that a part time officer had been recruited to support the Beverley Road Project. Members were further advised that Endeavour provided lessons in basic English as a second language (ESOL). An invitation had been sent to community leaders to offer bespoke training opportunities for delivery in the community.</p> <p>Members raised further concerns around drug and alcohol treatment centres, the difficulties that arose when isolated in one locality, and the potential impact upon the health and wellbeing of local residents. Members reiterated that the lack of positive influences and capacity for centres to be targeted by dealers, which had a potentially counterproductive outcome for those in recovery.</p> <p>Agreed: -</p> <p>(a) That the briefing paper be noted;</p>	

	<p>(b) that a Ward Member meeting be established with the new project officer for the Central Ward to discuss issues related to the Beverley Road Corridor and provide further direction;</p> <p>(c) that further consideration is given to the demographics and diverse nature of Beverley Road and how the project can pull services and communities together to ensure that all future projects are fit for purpose and pre-emptive of the wider social and economic impact upon local communities, BAME and local community groups to ensure that they receive the support required; and</p> <p>(d) that further consideration is given to the use of the Endeavour notice board to publicise training opportunities.</p>	<p>b-d) Assistant Director, City Safe and Early Intervention</p>
<p>86</p>	<p>REFERRALS REPORT – PEARSON AVENUE</p> <p>The Governance Manager submitted a briefing paper, which informed Members of a referral received from the Pearson Park Trust, and sought further direction from the Committee.</p> <p>Members were informed that the Pearson Park Trustees had discussed a number of ongoing issues around Pearson Avenue at their meeting on 15th July 2020. A number of concerns had been raised around the condition of properties, waste related issues, and physical alterations, which were unsympathetic to the character of the buildings.</p> <p>The Trustees concluded that their concerns were referred to the Wyke Area Committee to seek support for further action to be taken against premises in Pearson Avenue, which have not been maintained in accordance with the principles of the conservation area.</p> <p>Members discussed the recent improvements with regard to waste-related issues; however issues remained in relation to the frontages of a number of properties.</p> <p>Agreed:</p> <p>(a) That the referral be noted;</p> <p>(b) that Members share the concerns raised by the Pearson Park Trust and suggest that further discussion be scheduled outside of the meeting with the Chairman of the Pearson Park Trust, Ward Members, Wyke Neighbourhood Team and representatives of Planning, Love Your Street, Place based Activity and Private Housing to identify the issues and ascertain an appropriate way forward, and a further update be submitted to the November 2020 meeting; and</p>	<p>b) Community Manager</p> <p>c) Place Based</p>

	<p>(c) that Members receive further clarification off agenda, as to what action has been taken by Place based Activity in relation to Pearson Avenue and what discussions have been undertaken with landlords.</p>	Activity
87	<p>REGENERATION PROJECTS UPDATE – RIVER HULL CORRIDOR, WYKE</p> <p>The Assistant Director of Economic Development and Regeneration submitted a briefing paper, which updated the Committee in relation to the regeneration work and developments in the Wyke Area and neighbouring River Hull Corridor (RHC).</p> <p>Members were informed that Covid -19 had impacted upon the local economy and there had been a rise in unemployment in the city, which had an impact upon future investment. There was a shortage of sites which were ready for occupation and were largely categorised by older properties which were not fit for modern use; however the demand for industrial properties was still evident and officers continued to work with agencies to provide additional clarity around the planning process.</p> <p>The former Ideal Bathroom site, which was one of the largest sites in the city, had been sold to an unknown investor. Efforts were ongoing to identify and work with the new owners on its future use. Work was also ongoing with landowners along the River Hull Corridor under the Enterprise Zones.</p> <p>Members sought further clarification around the former Booker site on the frontage of National Avenue, which had attracted interest for housing development some years ago; however this was rejected by Planning on the grounds that the site was designated for industrial use and there had been no further interest in the site since this time.</p> <p>Agreed: -</p> <p>(a) That Members have concerns with regard to sites in the Wyke area, which were designated for industrial use and remained vacant with little interest, including the former Booker site. Members believe that, as the property is situated on the frontage of National Avenue, there is no clear evidence to support its retention as industrial use. As such Members refer the matter to Planning and request that consideration is given to the review and re-designation of this and any similar sites in the area for housing use;</p> <p>(b) that Members receive further confirmation as to what plans were in place to improve access to the former Booker site, National Avenue; and</p> <p>(c) that Members receive further clarification as to the new</p>	<p>a-c Assistant Director of Economic Development and Regeneration</p>

	owners and intended use of the former Ideal Bathroom premises on National Avenue.	
88	<p>POTENTIAL OF A NEW RAIL HALT</p> <p>The Assistant Director, Major Projects & Infrastructure submitted a briefing paper, which set out the current status for the potential introduction and funding for a new rail halt in the Bricknell Avenue Area.</p> <p>Members were informed that an initial assessment had been undertaken in 2009 and had been included in the Local Transport Plan. Bricknell Ward Members were keen to progress with the establishment of a community group in the event that a further round of the Restoring your Railway Fund was released. The Restoring your Railway Fund provided initial funding to progress towards network Rail's Governance for Railway Investment Projects (GRIP) funding.</p> <p>Discussions took place around the feasibility, projected costs, potential impact upon the current network service and demand for the service. In response, Members were advised that there was no cost to the Council to progress to GRIP stage 3 as this was funded by the Restoring Your Railways Fund and the intention was aimed at improving social cohesion for outlying estates.</p> <p>As per the last round of funding, key criteria required that proposals were at Grip Stage 4 in order to submit the funding application. There was some uncertainty as to whether the criteria would be amended in the event that another round of funding opening. There was a significant amount of work to get to that stage as it involved the entirety of the network. There was no dedicated rail officer or client-side resources and whilst there may have been an agreement in principle from Full Council, a Cabinet report was required in order to secure the required level of resources.</p> <p>Agreed: - That the Wyke Area Committee is keen to explore the potential for a rail halt in the Wyke Area, and seek the support of the Portfolio Holder to progress towards a funding bid to the Restoring your Railways Fund.</p>	Portfolio Holder for Economic Investment, Regeneration And Planning, Land And Property
89	<p>OPEN SPACE PROVISION IN THE WYKE AREA</p> <p>The Assistant Director, Streetscene submitted a briefing paper, which reviewed the current open space provision and sought Members' direction going forward.</p> <p>Members were informed that the pandemic had highlighted the number of residents with little or no garden and the importance of parks and opens spaces across Hull. The Council had initiated a multi-departmental Playing Pitch, Parks and Open Spaces Project Team and Steering Group with Major Projects,</p>	

	<p>Streetscene and Planning to review and develop the Parks and Open Spaces Delivery Plan. It was anticipated that further consultation would be undertaken at a local level.</p> <p>Members raised concerns that a number of funding streams which supported area based schemes for parks and open spaces had been diverted to support essential services during the pandemic; however the parks and open spaces were also integral to the health and wellbeing of residents.</p> <p>Agreed: -</p> <p>(a) That the briefing paper be noted; and</p> <p>(b) that whilst the Wyke Area Committee recognises the need for funding streams to be diverted to support essential services during the pandemic, Members are mindful that the parks and open spaces have been a vital resource for the health and wellbeing of local residents, many of whom live in built up areas with little or no garden. As such Members request that further clarification is sought from Members of Parliament, as to when the designated funding streams for area-based open space initiatives will be reinstated.</p>	<p>Democratic Services Officer - LS</p>
90	<p>WASTE AND OPEN SPACES QUARTERLY PERFORMANCE UPDATE</p> <p>The Assistant Director for Streetscene Services submitted a briefing paper, which provided a quarterly performance report relating to waste collection, recycling, street cleansing and grounds maintenance performance.</p> <p>Members were informed that the Love Your Street initiative had been extended to March 2021 and further consideration was ongoing as to whether there were options to extend into the new Financial Year.</p> <p>Members raised concerns with regard to fly-tipping, which was significantly higher in the Central Ward. Members reiterated that, whilst residents continued to report cases, there was a need to work closely with local residents and businesses however the issues were still ongoing.</p> <p>Further concerns were also raised around Neighbourhood Coordinator resources. Members reiterated that whilst both Bricknell and Central Wards were two-Member Wards, there were significant issues that required attention and could not be managed effectively without a full-time Neighbourhood Coordinator in post.</p> <p>Agreed: -</p> <p>(a) That Members have concerns with regard to ongoing fly-</p>	<p>a) Portfolio Holder for</p>

	<p>tipping issues in the Central Ward and request that the Portfolio Holder for Operational Services reviews the statistics and considers whether a different approach is required to address the unique landscape of the Central Ward and what options are available to increase resources, without detriment to the surrounding wards; and</p> <p>(b) that Members believe that there is justification for a full time Neighbourhood Coordinator per ward to ensure continuity and ongoing support is available to Ward Members and the local community, and as such the Committee requests that staffing resources are reviewed.</p>	<p>Operational Services</p> <p>b)Assistant Director Neighbourhoods and Housing</p>
91	<p>UPDATE ON WYKE AREA HOUSING BUDGETS</p> <p>The Assistant Director for Neighbourhoods and Housing Manager submitted a briefing paper, which updated the Wyke Area Committee on the balances within the three Housing Area budgets for the Wyke Area to allow the Committee to fulfil their responsibility of monitoring these budgets.</p> <p>Members were updated on the recovery plan. A proactive view had been taken in relation to the remaining budgets and members were invited to submit any suggestions for expenditure.</p> <p>Further discussion took place around the effectiveness of patch walks.</p> <p>Agreed:-</p> <p>(a) That the Housing Tenancy Manager liaises directly with Councillor Brabazon, with regards to works to improve the communal gardens and fencing at Warnford Gardens;</p> <p>(b) that consideration is given to undertaking a patchwalk in All Saints Street in conjunction with Ward Members to identify potential works;</p> <p>(c) that Central Ward Members receive a further update with regard to the demolition of garages in Stafford Street; and</p> <p>(d) that Housing staff be thanked for their efforts in the Wyke Area.</p>	<p>a-d) Housing Tenancy Manager – SB</p>
92	<p>HEALTH AND WELLBEING SURVEY 2019 – AREA COMMITTEE RESULTS</p> <p>The Director of Public Health submitted a briefing paper, which presented the Area Committee with a summary of the findings from the 2019 Adult Health and Wellbeing Survey for their area.</p>	

	<p>A discussion took place around the distinctive variations between Wards. Members reiterated a keenness to see the survey used in a positive way to shape future services and priorities.</p> <p>Members raised some concerns with regard to the deterioration of life expectancy in males at birth, in the Avenues Ward. Members reiterated that the demographic of Avenues Ward had changed significantly and could no longer be categorised as older, middle class households. Similar assumptions of Bricknell Ward had also been challenged; however the area incorporated a large council estate, and pockets of deprivation existed throughout all three wards.</p> <p>In response, Members were informed that whilst it was useful to drill data down to a local level, there was a risk that some of the indicators such as life expectancy would become less reliable. The results of the survey were disseminated to Hull CCG, Health and Wellbeing Board and various groups within the Council.</p> <p>A discussion took place around the impact of gambling on health and wellbeing. Members were informed that banks were able to block any expenditure in relation to online gambling sites where requested by the account holder, which provided an additional support mechanism to those in recovery from gambling addiction. Further discussion took place around the provision of such advice in ward newsletters.</p> <p>Agreed: - That Members undertake further discussion with regard to the Health and Wellbeing Survey data at Ward level.</p>	Community Manager
93	<p>WYKE WARD BUDGETS AND WARD UPDATE</p> <p>The Assistant Director - Neighbourhoods & Housing submitted a briefing paper, which advised the Committee of the 2020-21 budgets for the Wyke Area in relation to the Ward Budgets and Section 106 monies.</p> <p>Members raised concerns that a number of schemes had previously been identified at Ward level, however the delays in central processing and provision of worked up schemes had led to the deadline for expenditure being missed and funding was subsequently clawed back. Members reiterated that such delays were outside of Members' control. An example was provided of a project for the installation of boulders which had taken around 18 months to progress. In response, Members were informed that further discussion had been undertaken with the relevant Neighbourhood Coordinator to ensure that blockages were addressed and that the project was progressed as soon as possible.</p>	

	<p>Agreed: -</p> <p>(a) That the briefing paper be noted;</p> <p>(b) that Bricknell Ward Members receive a further update on progress of the installation of bollards on County Road North; and</p> <p>(c) that the Wyke Area Committee have concerns with regard to a number of schemes that have been stalled and funding lost due to delays around central processing and the provision of worked up schemes. As such, Members request consideration that any ward schemes that are not costed and/or approved within 6 weeks of submission are considered as exempt from clawback, on the grounds that this is outside of Members' control.</p>	<p>b-c) Community Manager</p> <p>Portfolio Holder, Finance and Transformation</p>
<p>94</p>	<p>WYKE AREA NEIGHBOURHOOD MANAGEMENT UPDATE</p> <p>Assistant Director - Neighbourhoods & Housing submitted a briefing paper, which provided an update to the Wyke Area Committee on Ward activity across the Area.</p> <p>A discussion took place around the positive work and activities undertaken in parks. Members raised some concerns around the lack of Member consultation in relation to Lark in the Park.</p> <p>Agreed: -</p> <p>(a) That the briefing paper be noted; and</p> <p>(b) that Members are consulted on all future activity in parks within their respective Wards.</p>	
<p>95</p>	<p>RESOLUTION LIST</p> <p>The Democratic Services Officer submitted a list of outstanding actions identified from previous meetings.</p> <p>Members were informed that the property Disposal Update had been delayed, however it was anticipated that any newly identified properties for disposal would be subject to consultation with Members and the matter had been added to the Work Programme for November 2020.</p> <p>Some concerns were raised around the Kingston Youth Centre. In response, Members were informed that issues were being closely monitored at Ward level and further updates would follow in due course.</p> <p>A discussion took place around the Library Strategy and Draft Summary and Delivery Plan, which was scheduled for Cabinet in September 2020. Members were advised that some works would be undertaken to the frontage of the Chanterlands</p>	

<p>Avenue Library in due course and further consultation was expected in the coming months.</p> <p>Members were informed that work had been scheduled for the replacement of the boiler at the Avenues Education Centre. Whilst the National Lottery Heritage Fund was not accepting new applications at this time, there was a likelihood that previously approved applications may be subject to additional costs in light of the current public health emergency and high demand for supplies and resources; and that this may impact upon future funding. In the interim, plans had commenced for the replacement of the central heating boiler and officers were in the process of negotiation for an extension of the lease to August 2021.</p> <p>Members raised concerns around proposals to extend the lease, on the grounds that there had been no consultation with the Committee and reiterated the need for further updates to be clear and transparent, and undertaken as a formal item of business on agenda.</p> <p>Further discussion also took place around the number of outstanding actions and the lack of information or response provided, and the requirement under the Member/Officer Relations Protocol for Members to be treated with respect and for responses to be provided in a timely manner.</p> <p>Agreed: -</p> <ul style="list-style-type: none"> (a) That minutes 74b, 75b and c be deleted from the Resolution List; and (b) that all remaining items be retained until such time as matters are resolved; (c) that Members receive further clarification as to when the Chanterlands Avenue Library will reopen; (d) that Members receive further clarification as to whether the Goodwin Development Trust are continuing to receive an income in respect of the Avenues Education Centre, and whether the central heating boiler should be replaced under the terms of their lease agreement, and not at additional cost to the Council; (e) that Members are concerned that steps have commenced to negotiate an extension of the lease of the Avenues Education Centre, without prior consultation with the Committee. As such Members request that no formal agreement is progressed until formal consultation has been undertaken, and request that a report is submitted to the November 2020 meeting; (f) that Members are extremely dissatisfied with regard to 	<p>c) Libraries Director</p> <p>d-f) Assistant Director Property and Assets</p>
--	---

	<p>the number outstanding actions and lack of ongoing consultation in relation to the Avenues Education Centre. Members request that responses are provided to the November 2020 meeting and that the matter is brought to the attention of the Governance Manager for monitoring under the Member/Officer Relations Protocol;</p> <p>(g) that Members continue to have concerns around pavement café licensing as a generalised policy and the impact that this may have upon premises and residents around Princes Avenue and Chanterlands Avenue and surrounding areas, and suggest that further consideration is given to a more localised review and consultation at an Area level, to enable Members to provide further local knowledge and direction;</p> <p>(h) that Members note the response of Overview and Scrutiny Committee to their recent referral and suggest that the ring road workshop and working group is progressed with effect from October 2020 to ensure that there are no further delays; and</p> <p>(i) that Members request that an informal meeting is arranged between Ward Members, Humberside Police and the Neighbourhood Nuisance Team, and that this is scheduled in the Council Chamber to enable further face to face discussion around Ward Member priorities, improved communication and targeting of resources at a local level.</p>	<p>f) Governance Manager</p> <p>g) Assistant Director Economic Development & Regeneration</p> <p>h) Head of Highways, Transport Strategy and Design</p> <p>i) Community Manager</p>
96	<p>WORK PROGRAMME</p> <p>The Democratic Services Officer submitted the Work Programme to update Members on future agenda items.</p> <p>Agreed: that the Work Programme be noted.</p>
