| Revenue Budget Monitoring 2025-26 – Second Formal Report |
|---|

Report of the Director of Finance and Transformation (Section 151 Officer)

Report Status:

This item is not exempt
Therefore exempt reasons are not applicable

This is a non-key decision.

1. Purpose of the Report and Summary

- 1.1 To update Members on the revenue budget monitoring position as at Period 5 (August 2025), explanations for material variances from Budget, year-end projections, and the management actions being taken where appropriate.
- 1.2 The report sets out the General Fund revenue budget monitoring position and also those for the Dedicated Schools Grant (DSG) and the Housing Revenue Account (HRA), with further details provided in the accompanying Appendices.

General Fund

- 1.3 Although at this early stage of the financial year there is a high degree of uncertainty regarding the likely year end position with the budget affected by both national and local pressures, the current projections would indicate a projected overspend of £5.6m. This is the result of additional pressures in Adult and Children Social Care, and Temporary Accommodations. Given the on-going inflationary pressures in the economy and the demand on Council services, cost control by Directors and Assistant Directors continues to be critical to bring the spending within the budget envelope.
- 1.4 The main factors influencing the projected Adult Social Care pressures are a higher than budgeted number of individuals been placed in residential care and supported living, alongside the average weekly cost of placements now increasing. Adult Social Care are also seeing an increasing number of high

costs placements approved at short notice through the Transforming Care Programme.

- 1.5 The projected pressures in Children and Young People and Family Services are the results of both costs and numbers increases in Children Looked After placements. There are also continued financial pressures on our internal children's homes, increasing numbers of pupils with Education Health and Care Plans, and financial pressures in the Home to School Transport and SEND provision.
- 1.6 Directorates have also highlighted the potential risk of some pressures above the level reflected in the figures presented in this report. These will be monitored during the year, with a view of mitigating the ones that will materialise, through savings within the Directorate or at Corporate level.
- 1.7 It is essential that services continue to control costs for the remainder of the financial year to minimise the projected service deficits. There is an expectation that the efficiency savings (carried forward from 2024/25 and the 2025/26 combined) will return £5.6m of savings across the Service Areas. But the Directorate projections have highlighted some risk to delivery for some of those savings at this stage of the monitoring process, as reported in the individual Directorate Appendices.

DSG

- 1.8 The overall projected position on the DSG is an in year deficit of £10.3m, in line with previous estimates. This would lead to a cumulative deficit of £17.4m at the end of 2025-2026. Further details are provided in the Children's services appendix (B). The national context for DSG remains unsustainable with a projected funding shortfall leading to a deficit over £5bn across all Councils. In Hull, our DSG deficit position is now deteriorating and remains challenging in terms of demand. Following the announcement of the Fair Funding 2.0 consultation, nationally Government is proposing to further extend the DSG override until March 2028 and further details of specific underpinning policy and legislation changes to support this are anticipated later this year.

HRA

- 1.9 The HRA forecast is in line with a balanced budget for 2025-26. However, there are some variances across individual budget lines. Further details are available in the Legal Services and Partnerships appendix (C).

2. Recommendations

- 2.1 That members note the projected overall overspend position.
- 2.2 The members approve the updated savings programme for Adult Social Care as outlined in Appendix A section 3.2.

- 2.3 That Directorates continue to minimise costs throughout the year, in line with recommendations contained within the MTFP Update presented at July 25 Cabinet.
- 2.4 That members note the forecast in year deficit of £10.3m for the DSG, and the requirement for actions/mitigations and future funding to bring the cumulative position into balance in the medium term.
- 2.5 That members note the balanced position reported for the HRA.

3. Reasons for Recommendations

- 3.1. The Council needs to ensure that it is managing its resources effectively while ensuring that the public receive the benefits from the functions that it provides itself or commissions from other service providers.

4. Impact on other Executive Committees (including Area Committees) and decision makers:

- 4.1. Impact on other Executive Committees (including Area Committees) and decision makers
There is no impact upon other committees.
- 4.2. Contribution to the delivery of the Community Plan, the Council Plan and/or Area Plans
The overall sustainable financial position of the Council is integral to the key organisational strategies such as the Community Plan, Council Plan and Area Plans. Equalities Impact Information.
- 4.3. Impact on other key strategies/business plans
The overall sustainable financial position of the Council is integral to the key organisational strategies such as the Community Plan, Council Plan and Area Plans. Equalities Impact Information.
- 4.4. Equalities Impact Information
There is no equality impacts identified as a result of this report.

5. Consultation

- 5.1. Directors and Assistant Directors, working in conjunction with Finance Business Partners and the Director of Finance, produce the associated financial forecast outturn and individual service area appendices outlined within this report. This report is the presented to individual service area and the overview scrutiny commission.

6. Background

- 6.1 The second formal revenue budget monitoring round for 2025/26 has been undertaken by Head of Services, Assistant Directors and Directors and results in projected outturn positions.

7. Issues for Consideration

Finance Summary of the General Fund Year End Position

7.1 Table 1 below summarises the forecasted outturn positions for each directorate which are included in the appendices A-E to this report and scheduled for reporting to the relevant Scrutiny Commissions.

Table 1 – Projected Financial Outturn Position up to 31 March 2026 for the General Fund

| 25/26 Projected Position | Full Year Budget | Year End Forecast | Projected Variance | Projected Variance first formal report | Variation Between Periods |
|--|------------------|-------------------|--------------------|--|---------------------------|
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| Adults Social Care | 127,706 | 129,888 | 2,182 | 773 | 1,409 |
| Public Health | 22,961 | 22,961 | 0 | 0 | 0 |
| City Safe | 2,644 | 2,644 | 0 | -0 | 0 |
| Total Public Health and Adults Services | 153,311 | 155,493 | 2,182 | 773 | 1,409 |
| Children Safeguarding | 73,866 | 77,342 | 3,476 | 3,217 | 259 |
| Learning and Skills | 10,164 | 11,518 | 1,354 | 705 | 649 |

| General Fund Total | -0 | 5,595 | 5,595 | 188 | 5,407 |

Corporate Budgets

- 7.2 Corporate Budgets contingencies were created at the beginning of the year to off-set the anticipated cost increases arising during the year. The projections assume the current £5.8m non pay contingency is held against the forecast pressures pending confirmation of actual costs later in the year.
- 7.3 The corporate expenditure forecast overspend is mainly the result of anticipated pressures in historical pension costs and capital financing costs as interest rates continue to remain high. The projected figures represent the best estimates at this time but the position for both items remains uncertain and carry an element of risk as is affected by a number of external factors, whose movements are currently difficult to predict.

8. Options and Risk Assessment

- 8.1 At this stage of the year the main risk is that in the remaining months there are unforeseen variations in the level of cost and demand, and hence net expenditure, falling on the Council, resulting in the forecast position proving to be understated. This is particularly the case regarding contractual inflation, pay inflation and social care, where ongoing pressures on volumes and significant unit costs can mean that a relatively low number of additional cases may add substantial new spending requirements.
- 8.2 Future Revenue Budget Monitoring Reports will identify and address any issues arising from the above risks. Reports relating to the Council's MTFP and 2026/27 Budget will need to reflect the 2025/26 forecast outturn position.

9. Comments of the Monitoring Officer (Town Clerk)

- 9.1 Under S. 151 Local Government Act 1972, the Council has a duty to make arrangements for the proper administration its financial arrangements. Providing periodic reports upon budget monitoring to the Executive ensures transparency and accountability across the Council as a whole. The report therefore assists in fulfilling the duty. It is noted that pressures exist in relation to provision for Homelessness and Social Care. It is important that the measures proposed toward delivering cost avoidance in these areas are progressed so as to ensure that the Council remain within its budget.

10. Comments of the Section 151 Officer (Director of Finance and Transformation)

- 10.1. The Section 151 Officer is the author of this report.

11. Comments of the Assistant Director OD & HR and compliance with the Equality Duty

1. There are no staffing or equality issues arising from this report. KH

12. Comments of Overview and Scrutiny

12.1 This report is due to be considered by the Overview and Scrutiny Management Committee at its meeting to be held on 24 October 2025. Any comments or recommendations agreed by the Commission will be submitted to Cabinet for consideration alongside the final report. Ref: Sc8967 [PT]

13 Comments of the Portfolio Holder – Councillor Dad

13.1 The deteriorating financial position forecast for the second revenue monitoring report is noted. The financial position continues to reflect the continued increase in demand and costs for social care and homelessness within the city, which are common across the country. I also note the ongoing challenges within the DSG budget position, which once again reflect the national picture. Services will continue to work on mitigations outlined within the overall report and delivery of savings continues to be key. Further work on the delivery to recover the financial position will also continue across the Council.

14 Conclusions of the Section 151 Officer and Implications on the MTFP

14.1 The second formal revenue monitoring cycle has been a valuable process and the outcome from it is available within the first half of the financial year in order to aid the assessment of the Council's financial position. Although the 2025/26 year end projection remains very uncertain, the latest forecast indicates a projected overspend of £5.6m. Sound cost control will be needed to bring the spend within the budget envelope and work to recover the financial deficit position will continue to be a priority.

14.2 Significant risk of cost pressures have been identified in relation to care provision and general inflation, which will be reflected in future MTFP updates.

14.3 The review work relating to the DSG is a Council priority and remains a key area of risk to local government. The policy update later this year and associated financial implications will inform any additional action required and plans continue to be worked through with the service. The risk that any unresolved balance remains for the Council to have to accommodate cannot be allowed to crystallise as there are no resources to absorb such costs. Therefore, the proposed extension of the DSG override to March 2028 is welcomed but close financial monitoring will be required to mitigate potential pressures in the medium term.

14.4 The HRA is projecting a balanced financial outturn for the year end, however, it is acknowledged this is an early stage within the financial year. This balanced position is a reflection of the wider approach to service delivery and capital investment programme for the HRA.

Implications Matrix

This section must be completed and you must ensure that you have fully considered all potential implications

This matrix provides a simple check list for the things you need to have considered within your report

If there are no implications please state

| | |
|---|-----|
| I have informed and sought advice from HR, Legal, Finance, Overview and Scrutiny and the Climate Change Advisor and any other key stakeholders i.e. Portfolio Holder, relevant Ward Members etc prior to submitting this report for official comments | Yes |
| I have considered whether this report requests a decision that is outside the Budget and Policy Framework approved by Council | Yes |
| Value for money considerations have been accounted for within the report | Yes |
| The report is approved by the relevant Director/Assistant Director | Yes |
| I have included any procurement/commercial issues/implications within the report | N/A |
| I have considered the potential media interest in this report and liaised with the Media Team to ensure that they are briefed to respond to media interest. | Yes |
| I have included any equalities and diversity implications within the report and where necessary I have completed an Equalities Impact Assessment and the outcomes are included within the report | Yes |
| Any Health and Safety implications are included within the report | N/A |
| Any human rights implications are included within the report | N/A |

| | |
|--|-----|
| I have included any community safety implications and paid regard to Section 17 of the Crime and Disorder Act within the report | N/A |
| I have liaised with the Climate Change Advisor and any environmental and climate change issues/sustainability implications are included within the report | N/A |
| I have considered how the decision may contribute or impact on culture and heritage within the city. | Yes |
| I have included information about how this report contributes to the Community Plan/ Area priorities within the report | Yes |
| I have considered the impact on air quality, carried out an appropriate assessment and included any resulting actions or opportunities necessary to improve air quality in the report. | N/A |
