The service profiles outlined within appendix B(iii) of the report are key service area business plans across the council which underpin the overall delivery of council provision.

5.4. Equalities Impact Information

- The equalities impact asset is outlined at appendix L of the report. There are no further equality impacts identified, however, individual reports and decisions will be presented in line with the proposed budget allocations for individual equality impacts.

## 6. Consultation

6.1 This Budget report and Medium Term Financial Plan are produced through an extensive process prior to the start of the financial year which includes engagement across a wide number of stakeholders including Directors, Assistant Directors, Heads of Service and Members. This information is subsequently updated through the budget monitoring cycle across all services, in conjunction with Finance Business Partners and the Executive Director of Corporate Resources (s151), to reflect the latest financial forecast outturn.

6.2 The latest government funding policy and legislation changes are also considered and updated within the financial plan. The updated plan is reviewed through the Council governance process to ensure Director review is further undertaken. This report is then presented to the overview scrutiny commission.

## 7. Comments of the Assistant Director of Legal and Governance (Monitoring Officer)

7.1 Before setting the level of the tax, the Council must have agreed a balanced budget, differentiated by services, which is sufficient to meet estimated revenue expenditure, levies, contingencies, any deficit estimated to be brought forward from previous years, and any amounts required to be transferred between funds. The tax itself must be sufficient to cover the difference between the agreed budget less government grants credited to the consolidated revenue account, and any other expenditure which must be met from the Collection Fund, less any surplus (or plus any deficit) brought forward from previous years. In addition, following the implementation of the Local Government Act 2003, the Council's Chief Financial Officer (under s151 Local Government Act

1972) is required to report to the Council on the robustness of the estimates made for the purposes of the calculations, and the adequacy of the proposed financial reserves. The Council must have regard to the report when making decisions about the calculations in connection with which it is made. The Chief Financial Officer is also obliged to report to the Council if in relation to the previous financial year it appears that a controlled reserve is or is likely to be inadequate. A controlled reserve is one where the Secretary of State has, by regulation, defined the appropriate minimum level of reserve. The s151 officer must report the reasons for that situation, and the action, if any, which he considers it would be appropriate to take to prevent such a situation arising in relation to the corresponding reserve for the financial year under consideration.

8. Among the relevant considerations which Members must take into account in reaching their decisions will be the views of business ratepayers and the advice of officers. The duty to consult representatives of non-domestic ratepayers on the Council's expenditure plans is contained in Section 65 of the Local Government Finance Act 1992. Matters that the Council has to have regard to when undertaking consultation include:

I. Consultation must be undertaken at a formative stage in the decision-making process inviting representation on one or more possible courses of action with a view to winnowing out errors in the decision-maker's provisional thinking

II. Consultation requires a genuine invitation for advice and a genuine receipt of that advice

III. It is permissible to narrow the range of options within which to consult and then decide

IV. There is generally no obligation to consult upon options the decision maker has discarded, unless it is necessary to establish a fair basis for genuine consideration of options

V. Sufficient reasons for a proposal must be given to permit intelligent consideration and response

VI. Adequate time must be given for consideration and response

VII. The overriding requirement is for fairness

9. In considering the advice of officers, and the weight to be attached to that advice, Members should have regard to the personal duties placed upon the Director of Finance as Chief Financial Officer. The Director of Finance is required by Section 151 of the Local Government Act 1972 and by the Accounts and Audit Regulations 2003 to ensure that the Council's budgeting, financial management, and accounting practices meet relevant statutory and professional requirements.
