

10. Property & Assets

Service Profile

(2026/27)

Director:	Chris Jackson
Assistant Director / Head of Service	Nick Howbridge
Portfolio Holder(s):	Cllr Dad
Version control:	V1
Date Updated:	1 st Dec 2025

Purpose of Plan

This Business Plan provides an overview of the service, and sets out its key priorities, high level objectives, key deliverables, and key performance measures. It will be supported by individual team plans which contain more detail about how teams work towards meeting priorities and measuring success.

The priorities and actions set out in the Business Plan focus only on key areas of development, improvement, and transformation, and does not cover all detailed aspects of service delivery. The identified priorities will link directly into the Council's contribution towards the Community Plan and achievement of productivity and savings targets.

Progress against the service plan will be reviewed on a regular basis within directorate teams, by the Corporate Strategy Team, and in consultation with Cabinet Portfolio Holders.

1. Service Overview

Service Description

The Property & Assets service area is responsible for managing and maintaining the Council's land and property portfolio aligned to the ambitions of the City's Community Plan, and the aims and objectives Corporate Land and Property Strategy. This includes:

- Strategic advice on all land and property matters in accordance with professional standards & practices
- Providing the centralised resource and expertise to deliver a corporate landlord function for the Council
- Generating financial returns through the efficient use of public buildings and the management & disposal of commercial assets
- Managing the Council's managed workspace centres & trinity market
- Providing key facilities management services across the Council
- Ensuring building health and safety statutory building compliance
- Providing both reactive and planned maintenance programmes for the Council's land & property portfolio
- Energy management & contract management of the Council utilities supplier

Strategic Direction / Future Plans

Published in the summer of 2024 the Corporate Land and Property Strategy (2023 – 2030) is underpinned by three main themes set out in the Council's Corporate Plan:

- Delivering economic growth for all
- Creating inclusive, resilient and safe communities for children, young people and adults
- Delivering organisational excellence by working on partnership

These were mapped against the now adopted ambitions of the City's Community Plan – My Life, My Street, My City – that refer to:

- Safe and welcoming neighbourhoods
- A healthier and fairer hull
- Reaching our potential
- Economic growth that works for all
- Responding to the climate change and nature emergency
- Our culture, our heritage, our city

This led to the development of four guiding principles for the Corporate Land and Property Strategy:

1. Suitability – ensuring land and property assets are fit for purpose, right sized and efficiently used.
2. Sustainability & Energy Efficiency – to ensure that public assets play a pivotal role in shaping a city for future generations.
3. Communities & Place – promoting the inclusive, safe and resilient communities.

4. Professional Excellence –delivering asset management in partnership with occupiers & service customers with robust oversight and governance.
